

Redeemer Community Garden Work Day

Saturday, May 8th, 9 - 12 & 1 - 4 p.m.

Redeemer Lutheran Church - 4663 Lancaster Drive Northeast

Join us in making our community garden a reality. Get your hands dirty and enjoy the company of other garden lovers. Here are some of the things we will be doing:

- Measuring and staking garden plots
- Making numbered plot markers
- Raking composted soil into plots
- Spreading chips on the pathways
- Repairing and painting tools
- Building a compost bin

If you have the following and can bring them to the work party, it would be greatly appreciated.

- Rakes, shovels, pitchforks
- Wheelbarrows
- Gloves

Donations of used tools will be accepted and can be delivered during the work party.

We'll have refreshments and goodies to keep you going.
